ORDER FOR NOTICE AND HEARING

On July 31, 1998, Allegiance Telecom of Virginia, Inc. ("Allegiance" or "Applicant") completed an application for certificates of public convenience and necessity ("certificate") to the State Corporation Commission ("Commission") to provide local exchange and interexchange telecommunications services throughout the Commonwealth of Virginia. The Applicant subsequently amended its application to request authority to price its interexchange services on a competitive basis pursuant to § 56-481.1 of the Code of Virginia.

NOW UPON CONSIDERATION of the application, the Commission is of the opinion and finds that Allegiance's application should be docketed; that the Applicant should give notice to the public of its application; that the Commission Staff should conduct an investigation into the reasonableness of the application and

present its findings in a Staff report; and that a public hearing should be convened to receive evidence relevant to Allegiance's application for a certificate to provide local exchange service, and if substantive objections are received, evidence shall be received at the public hearing with regard to Allegiance's application for a certificate to provide interexchange service.

Accordingly, IT IS ORDERED THAT:

(1) This case is docketed and assigned Case No. PUC980111.

(2) A public hearing for the purpose of receiving evidence relevant to Allegiance's application for a certificate to provide local exchange services is scheduled for October 15, 1998, at 10:00 a.m., in the Commission's second floor courtroom located in the Tyler Building, 1300 East Main Street, Richmond, Virginia. If substantive objections to Allegiance's application for a certificate to provide interexchange services are received on or before September 14, 1998, the Commission will also hear evidence on this issue at the October 15, 1998 public hearing. If no such substantive objections are received on or before September 14, 1998, the Commission may grant Allegiance's requested certificate to provide interexchange services without conducting a hearing.

(3) On or before September 3, 1998, the Applicant shall complete publication of the following notice, which may be

published on one occasion as classified advertising in newspapers having general circulation throughout the Applicant's proposed service territory:
